BE THE FACE OF LOS ANGELES

In 2028, LA welcomes the world for the Olympic and Paralympic Games. Thousands of City Volunteers will help — welcoming newcomers, neighbors, and visitors from across the region and the world.

JOIN THE 2028 CREW

The City of Los Angeles is recruiting 5,000 City Volunteers for the 2028 Olympic and Paralympic Games — the warm, knowledgeable face of the city in public spaces, transit corridors, and neighborhood celebration sites. We bring wayfinding, accessibility support, information, and public joy that makes every visitor feel at home and every Angeleno feel connected to the games.

"The 2028 Games are an opportunity to reimagine our infrastructure, strengthen community resilience, and expand opportunity for all Angelenos — a true 'Games for All'. This is my Vision for the 2028 Games — an LA made better for all Angelenos.
Mayor Karen Bass

WHY VOLUNTEER?

Be part of history
Step into a once-in-a-generation moment for your city.

Build lasting skills
Training that outlasts the closing ceremony.

Find your people
Build community and join a network of amazing Angelenos.

Join a Games for All
Find meaningful roles for every ability and skill set.

HOW TO JOIN

You don't need a special background or a specific skill set. You just need to love this city and want to share it!

We're looking for Angelenos from all over the City and beyond – people who know their neighborhoods, speak their community's languages, and are proud of what Los Angeles has to offer. Think of yourself as an ambassador to the City.

Beyond that, we're especially seeking people who bring:

- Local knowledge of your neighborhood, transit routes, and points of interest
- Language skills that reflect the incredible diversity of Los Angeles
- A welcoming attitude and the ability to stay calm in busy, high-energy environments
- A genuine commitment to giving back and contributing to the city's future

FOUR STEPS TO JOIN THE CREW:

01 Application
Tell us who you are and how you'd like to help. About 15 minutes — no experience required.

02 Vetting
We review applications and run a background check once you accept a conditional role offer.

03 Selection & Onboarding
Selected volunteers get an official offer, then complete training built for their role.

04 Deployment
Pick up your kit and take your post as the face of LA across the city.

HOW ARE WE DIFFERENT FROM LA28?

The City Volunteer Program and LA28's Games Volunteers are two distinct teams that work side by side. One serves the city; one serves the venues. Many Angelenos apply to both.

CITY OF LA
City Volunteer Program

- Out in the city — transit hubs, public spaces and neighborhood celebration sites across all 15 council districts.
- Welcoming, wayfinding, accessibility support and civic energy. Not security or event staff.
- Run by the City of Los Angeles. Complements — and is separate from — the official Games workforce.

LA28
Games Volunteers

- Inside official competition venues and Games operations.
- Roles defined and managed by the LA28 organizing committee.
- Apply through LA28 — applications open July 14.

SIGN UP FOR UPDATES

Be among the first to hear when applications open in early 2027. Join our interest list today to receive program updates, volunteer opportunities, and ways to get involved before the Games.
