THE MISSION

Los Angeles Welcomes the World

INSPIRED BY PARIS 2024

Paris deployed 5,300 city volunteers at festival sites, transit hubs, and tourist destinations — embodying the city's face and leaving a legacy of civic solidarity. LA 2028 builds on that model and scales it.

The City of Los Angeles will recruit and deploy 5,000–10,000 volunteers to complement the LA28 program, serving as the warm, knowledgeable face of the city in public spaces, transit corridors, and neighborhood celebration sites across all Council Districts.

These are not security or event staff. City Volunteers are neighbors welcoming neighbors – providing wayfinding, accessibility support, information, and civic energy that makes every visitor feel at home in LA.

The 2028 Games will be a Games for All, an accelerator for civic engagement and a chance to build something that lasts long after the closing ceremony.

THE LARGER VISION

A Lasting Culture of Service & Connection

The Games are a once-in-a-generation catalyst. LA 2028 volunteer alumni become the core of a permanent civic infrastructure — trained, connected, and ready.

Civic pride as a platform

The City Volunteer Program grows from ShineLA's foundation — activating neighborhood identity, building third spaces for connection, and channeling civic pride into lasting habits of service.

Opportunities to Think Bigger

Including Priority Communities

Roles for foster youth, second chance, veterans, college corps, etc. – build a force representative of LA

Training Up

Workforce development, emergency response trainings, community resilience - build skilled volunteers today before the next crisis.

Permanent Volunteer Hub

Leverage groundswell to centralize LA City volunteer efforts and create a single experience to get engaged.

New Civic Habits

Citizens academies, neighbor-to-neighbor connections, DIY service in your community - train volunteers on new civic habits.

PARTNERSHIP OPPORTUNITIES

Tapping Into the Civic Pride (and Expertise) of LA

We're building a coalition of mission-aligned partners. Whether you lead volunteers, train them, fund them, or connect them — there is a seat at the table.

**TRACK 1
Volunteer Workforce Partners**
Recruit, vet, and staff leadership and general roles.

**TRACK 2
Training & Skills Partners**
Develop and deliver training — Games-specific and lasting skills.

**TRACK 3
Funding & Sponsorship Partners**
Seed and sustain the program through the Games and beyond.
